EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Dale Regelman on 11/26/2004.

The application has been amended as follows:

Claims 2, 4, 5 and 9, have been **canceled**.

Claim 3 has been amended to read:

3. The data storage and retrieval system of ~~claim 2~~ claim 1, wherein each of said ~~one or more~~ plurality of information transfer slots comprises a backplane, an information connector disposed on said backplane, and a power connector disposed on said backplane.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

As per claims 1,10,13,15,21,22,25,27,29,30, and 33, the prior art of record does not teach or suggest a data storage and retrieval system comprising "a rail extending from one end of said data storage and retrieval system to the opposite end of said data storage and retrieval system; one or more moveable accessors, wherein each of those one or more moveable accessors comprises a carriage section capable of moving bi-directionally along said rail along a first axis, an X/Y movement control card comprising a memory device disposed on said carriage assembly, a lifting servo section capable of moving bi-directionally along a second axis, wherein said first axis is perpendicular to said second axis, a gripper mechanism disposed on said lifting servo section, and an accessor control card disposed on said lifting servo section. Further, the prior art of record does not teach or suggest a first and second information transfer station wherein the first and second information transfer stations each comprise a plurality of information transfer slots.

Conclusion
